

MailStak™

The MailStak™ is designed as a secure mailroom solution. Each compartment locks individually, making the unit ideal for housing private mailboxes in a public area. Great for teacher and employee lounges, government buildings, and virtually any other type of mailroom where individual, secure mailboxes are needed.

- Oversized mail slot in the front of each unit for inserting mail without opening the unit.
- Three lock options available: key lock, electronic code lock, and hasp for padlocks.
- Optional laminate top is available to create a convenient work surface.
- Available in 19 standard colors to match any decor.
- Optional electric gives the MailStak™ 2 outlets per tier, making it ideal to store and charge personal electronics, like cell phones and laptops.
